

## Wall Magazine Inauguration Programme on 05/09/2018

The Department of Botany inaugurated its much-anticipated Wall Magazine on 05/09/2018, which showcased a captivating exploration of the theme “Mushrooms.” This thematic focus aimed to delve into the fascinating world of mushrooms, encompassing their ecological significance, culinary diversity, medicinal properties, and cultural symbolism. The purpose of showcasing the theme of mushrooms was to promote awareness and appreciation for these unique organisms. By featuring a variety of artistic and literary contributions centered around mushrooms, the event sought to educate, inspire creativity, and stimulate dialogue among the institution's community members.

The event witnessed enthusiastic participation from students and faculty members. The inauguration ceremony commenced with a warm welcome extended to all attendees. Dr. Sashadhar Kalita, Head of the Department, delivered an opening address, highlighting the significance of the Wall Magazine as a medium for expression and communication. Following the address, a ribbon-cutting ceremony symbolized the official launch of the Wall Magazine. This ceremonial act was performed by Dr. Nolin Chandra Borah, the pioneer of the Department of Botany and Science Section of the institution.
