

Freshers cum Farewell Programme on 05/09/2018

The Freshers Cum Farewell event held on 05/09/2018 at the department was a memorable occasion that brought together students and faculty members to celebrate new beginnings and bid farewell to departing members of the institution. This dual-purpose event served as a platform for welcoming incoming students and honouring the achievements and contributions of those leaving.

The event saw enthusiastic participation from students across all levels, faculty members, and distinguished guests. Freshers, eager to embark on their academic journey, mingled with seniors and mentors, while departing members were honoured for their contributions and bid farewell by their peers and juniors.

The event commenced with a formal welcoming ceremony for the freshers, where they were greeted by senior faculty members and introduced to the institution's culture, values, and academic programs. Interactive sessions and ice-breaking activities were organized to facilitate interactions between freshers and seniors, allowing them to get to know each other and build friendships.

Departing students were honoured with heartfelt tributes and expressions of appreciation for their contributions to the institution. This included speeches, presentations, and performances celebrating their achievements.
