

Wall Magazine Inauguration on 10/12/2021

On 10th December 2021, the Department of Botany inaugurated a wall magazine dedicated to the theme of medicinal plants. The event aimed to raise awareness about the rich diversity of medicinal plants, their traditional and contemporary uses in healthcare, and the importance of conservation efforts to safeguard these valuable resources.

The inauguration ceremony commenced with an introduction to the significance of medicinal plants by Mrs. Ruby Doley, HOD of the Department, emphasizing their historical, cultural, and therapeutic importance. By showcasing the diversity and importance of medicinal plants, the magazine inspires curiosity, appreciation, and stewardship of natural resources among the community. Moving forward, it is essential to harness the momentum generated by the inauguration ceremony to promote ongoing education, research, and conservation efforts related to medicinal plants.
