

Outreach Programme on “Mission LiFE in Assam: A week for LiFE” on 21/03/2023

The Students Outreach Programme on “Mission LiFE in Assam: A Week for LiFE” was held at Guwahati Medical College on 21/03/2023. The programme was organized by Assam Science Technology & Environment Council (ASTEC), Govt. of Assam, supported by the Ministry of Environment Forest & Climate Change, Govt. of India. This initiative was part of a broader campaign to engage students and the community in sustainable living practices and environmental conservation. The programme aimed to educate and inspire participants about the importance of living sustainably to protect and preserve our environment.

The students actively took part in the drawing competition focused on themes like “My Green Planet” and “Innovative Ideas for Sustainable Living.” Dr. Arup Kumar Sarma, Professor, Dept. of Civil Engineering, IIT Guwahati, was the speaker of the interactive session on “LiFE.” He increased the awareness among students about environmental issues and sustainable practices. He also motivated them to actively participate in environmental conservation efforts, and to promote the adoption of sustainable lifestyles within the community.
