

Internship Program Report, 2025: North Gauhati College

Period: 1st July 2025 to 31st July 2025

1. Introduction

This report documents the successful completion of the mandatory 120 hours' internship program for students of North Gauhati College, held from 1st July 2025 to 31st July 2025. The program aimed to provide students with essential practical exposure, bridge the gap between theoretical knowledge and industry demands, and foster professional skills development across various sectors.

The internship was executed in collaboration with a diverse range of prestigious governmental, institutional, and private sector organizations in and around Guwahati, ensuring multi-disciplinary learning experiences tailored to the students' academic disciplines.

2. Organizational Participation

North Gauhati College successfully facilitated internship program for its students across **13 distinct institutions and industries**. The program was designed to bridge the gap between academic theory and industry practice, offering students exposure to fields ranging from high-level research to traditional performing arts.

S/N	Host Institutes/ Organization	No of Students	Focus Area
1	IIT Guwahati	02	Advanced R&D
2	Gauhati University	05	Advanced R&D
3	ABILAC Guwahati	07	Dictionary Compilation and Translation Work
4	Accelcraft Institute of Geoinformatics	12	GIS and Remote Sensing
5	TRTC Guwahati	61	Tally with GST
6	NIELIT Guwahati	34	Information Technology
7	Guwahati Microgreens	06	Sustainable Agriculture
8	Assam Bioresource Centre	04	Sustainable Agriculture
9	Trinity Fructa Pvt. Ltd	04	Food Processing
10	Sagar Furnico Pvt. Ltd	04	Production Processes
11	Gauhati High Court	13	Legal Services
12	Reconcor Service	01	Data Entry Operator
13	S.O.A.K.N., Auniati Satra	01	Satriya Nritya

3. Key Highlights and Learning Outcomes by Domain

3.1. Research, and Academia

Students placed in these organizations gained intensive exposure to cutting-edge research methodologies and specialized technological skills.

- **IIT Guwahati, Gauhati University & ABILAC:** Interns were involved in laboratory work, data analysis for ongoing research projects (particularly in science and biotechnology), and academic writing support, understanding the process of intellectual property generation.
- **NIELIT & TRTC Guwahati:** The focus was heavily on Information Technology (IT) and digital proficiency. Students worked on areas like basic web development, data management, and the fundamentals of cybersecurity and networking.
- **Accelcraft (Technology):** This cohort specialized in Geographic Information Systems (GIS) and Remote Sensing, fields that are increasingly critical for urban planning, environmental monitoring, and disaster management.

Fig. 3: Students doing internship at TRTC Guwahati

Fig. 4: Students doing internship at Accelcraft, Guwahati and NIELIT, Guwahati

3.2. Public Service and Judiciary (Gauhati High Court)

This internship offered a unique perspective on public sector functioning and legal structures.

- **Gauhati High Court:** Students observed court proceedings, learned about case filing and record management, and were oriented on judicial and administrative procedures, providing invaluable exposure to the rule of law and court secretariat functions.

Fig. 5: Students doing internship at Gauhati High Court, Guwahati

3.3. Sustainability and Production

Reflecting modern industry trends, students were placed in green energy and manufacturing sectors:

- **Guwahati Microgreens & Assam Bioresource Centre:** The internship provided practical knowledge in controlled environment agriculture, sustainable farming techniques, and the direct marketing of niche food products.
- **Saagar Furnico (Furniture) & Trinity Fructa Pvt. Ltd.:** Students were exposed to the full cycle of manufacturing, from raw material procurement and inventory management to quality control and retail strategies for finished goods.

3.4. Agribusiness and Innovation (Guwahati Microgreens, Trinity Fructa Pvt. Ltd.)

These programs highlighted the commercial and scientific aspects of the agricultural sector.

- **Guwahati Microgreens & Assam Bioresource Centre:** The internship provided practical knowledge in controlled environment agriculture, sustainable farming techniques, and the direct marketing of niche food products.
- **Trinity Fructa Pvt. Ltd.:** Students experienced the industrial side of food production, including processing methods, quality assurance protocols, packaging standardization, and the cold-chain logistics required for fruit-based products.

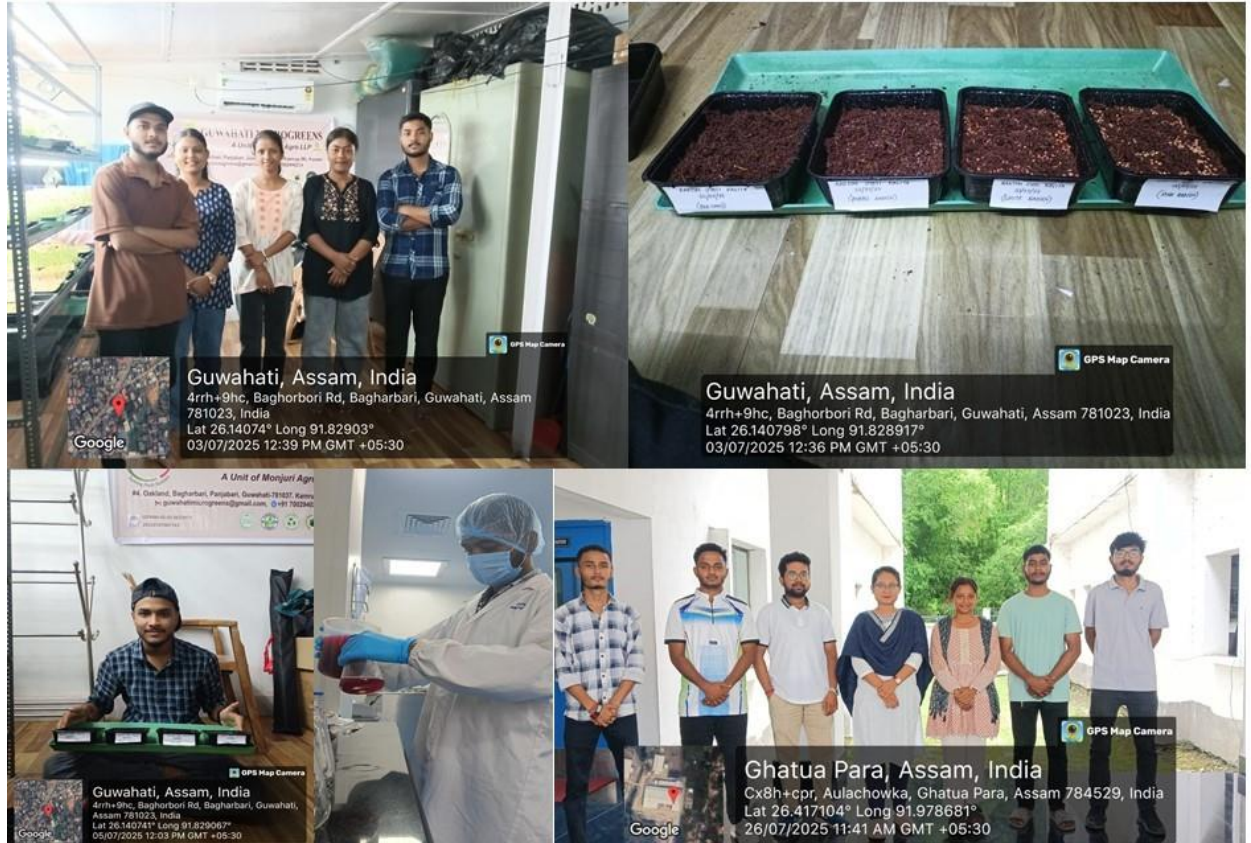

Fig. 6: Students doing internship at Guwahati Microgreens and Trinity Fructa Pvt. Ltd

3.5. Cultural heritage and Performing Arts:

By facilitating an internship at a premier institution like Auniati Satra, the college bridges the gap between modern higher education and indian knowledge systems (IKS).

- **Sri Sri Auniati Satra Kanaklata Kristi Kendra (SOAKN):** The placement of one student at S.O.A.K.N. reflects North Gauhati College's commitment to the "Vocal for Local" ethos and the preservation of Assam's intangible heritage.

4. Conclusion and Recommendations

The 2025 Internship Program was highly successful, enabling students to translate academic learning into tangible professional skills such as critical thinking, collaboration, project management, and domain-specific technical expertise. The broad range of organizations ensured

that students from various streams (Arts, Science, Commerce, and Vocational) found relevant and challenging assignments.

Moving forward, it is recommended that North Gauhati College:

1. **Formalize Feedback:** Implement a standardized structured feedback mechanism from host organizations for continuous curriculum refinement.
2. **Post-Internship Seminar:** Organize a mandatory post-internship seminar where students share their learning experiences and present their final project work to their peers.
3. **Expand Network:** Seek further opportunities in emerging sectors like renewable energy and financial technology to maintain a progressive internship portfolio.

The institution extends its gratitude to all collaborating organizations for their mentorship and contribution to the students' professional development.

5. Mark Statement of the Internship Program:

The final internship grade was determined through a multi-faceted assessment designed to measure both professional reliability and academic output. The procedure followed these key pillars:

- i) **Attendance (20 marks):** Consistent presence and punctuality were tracked to assess professional commitment and integration into the workplace routine
- ii) **Internship Report (20 marks):** The Internship Report was evaluated based on the depth of research, clarity of technical tasks performed, and the ability to document project outcomes.
- iii) **Communication Skills (30 marks):** A Seminar Presentation/Viva **was organised** for a verbal defense of the internship experience, testing the ability to communicate complex ideas to a technical audience.
- iv) **Professional Mentorship (30 marks):** An Overall Mentor Evaluation provided a qualitative look at soft skills, adaptability, and the practical value added to the host organization.
