# ABOUT THE COLLEGE

## ***Mission:***

The College has embarked on a mission of making Higher Education accessible and affordable for the people of North Guwahati and its neighbouring areas. By providing quality education, skill-based education and vocational training to the youths, the college aims at fostering economic growth in the region. Besides enhancing its students' chances at employability, the college works with a mission of inducing inclusive social growth which entails aspects like making proper health care, women's empowerment, environmental sustainability and good governance achievable in North Guwahati and its adjacent areas. Not only does the college steer its students towards obtaining academic and professional degrees, but it also stresses on all round development of students — physical, intellectual, moral and spiritual development. The mission of the college is aligned with the NEP- 2020 motto of educating, encouraging and enlightening learners.

## ***Vision:***

The education system has undergone massive revamping in recent times, concentrating more on learner-centric education. To keep pace with the changing times, North Gauhati College envisages making education inclusive and dynamic in such a way that it caters to the diverse needs of the learners. It is the vision of the college to facilitate all round development of the students. In order to do so, the college aims to focus not only on academic pursuits, but also on co-curricular activities and skill development of the students. The college endeavours to promote facilitation of classroom learning of the students, which is also advocated by NEP-20. Thus, in such a conducive environment, students would learn to think critically and creatively and be eventually prepared to take up future life challenges.

# FROM THE PRINCIPAL'S DESK

North Gauhati College was established in 1962 as a co-educational degree arts college to disseminate higher education in northern part of erstwhile Kamrup district, then a part of Darrang District with a mission to produce graduates in every household in Greater North Guwahati area. It is located in College Nagar amidst serene surrounding providing an ideal ambience for learning.

It has efficient and qualified faculties in Arts and Science Streams, who are committed in giving their best for the academic growth of students. The teachers contribute in the growth and development of the bright and mediocre students as well.

The College is getting ready for a facelift with the construction of a new well-furnished four storied building with all modern amenities, thereby aiming to fulfil the needs of the students.

I wish the students all the best and beckon them to join this institution to achieve greater heights in academics as well as in the co-curricular and march towards a bright future.

Dr. Prabhat Ch. Sarma  
Principal (i/c), North Gauhati College

In line with NEP 2020 Guidelines, FYUGP structure is composed of different Choice Based Courses. The Four-Year Undergraduate Programme (FYUGP) of Gauhati University is as per UGC's Curricular Framework, published in November 2022. The course structure of FYUGP is built on the Choice-Based Credit System (CBCS). The FYUGP is basically a CBCS course which does not differentiate between so-called Honours and Pass courses existing under CBCS. Basically, the FYUGP is based on the system of education under Liberal Arts.

Fig. Course Structure for a 3-year Bachelor Degree. The numbers indicate credits in the paper. The Voc-1 and Voc-2 papers are vocational courses that a student would have to take in the case of exiting in the 1st or 2nd year. These courses are NOT compulsory in general, but a student will need them for re-entry into the programme.
